NEED A PET LOVING HOUSE SITTER?

Contact Cheryl Dyer.....

I am a middle aged, single, semi retired/casual working, Non-smoking, non- drinking quiet woman available for house sitting/pet minding in the Sydney Metro and Blue Mountains area.

I have been an experienced dog owner for many years and love animals. I have also owned Cats, Birds and turtles throughout my life. I am happy to do required walking and basic grooming for your pets and care for your home while you are away.

I am able to collect your mail, do basic general gardening, ensure plants are watered and your house is cared for.

Longer placements are obviously desirable as it gives me the opportunity to really bond with the pets I am caring for, get to know them and their routines as well as familiarise myself with the local area.

I specialise in Poodle and Poodle cross dogs as I have owned these myself for over 30 years. I also have specialised professional access to a Burmese Breeder that can assist with cats in my care.
